Dear Ms. Booth:

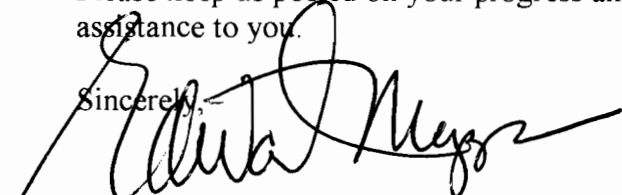

The Madison County Development Council (MCDC) is pleased to offer our support for your grant request for equipment to enhance your wildflower seed business.

As you are aware, Madison County is within a Rural Area of Critical Economic Concern and we are working diligently to improve our economy. In fact, economic development and job creation is one of our top priorities.

Any state and federal assistance that can be offered to assist you in developing and growing your business, particularly with your nurturing and promotion of additional new businesses, would be well spent in Madison County. The MCDC is the economic development arm for the County and we support Community Development and growth of existing and new businesses.

Please keep us posted on your progress and let us know when we can be of further assistance to you.

Sincerely,

Edward Meggs, President
Madison County Development Council
