

Madison County Tourist Development Council

September 19, 2006

Salter Tree and Herb Farm
P.O. Box 20066
Tallahassee, FL 32316-0066

Dear Ms. Booth:

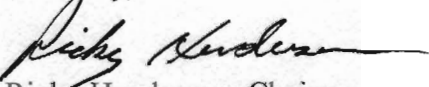

The Madison County Tourist Development Council is pleased to offer our support for your grant request for equipment to enhance your wildflower seed business.

The mission of the Tourist Development Council is to encourage visitors to our community that are interested in nature based, and heritage tourism. Visitors who come in to enjoy our natural landscape and historical treasures improve our economy without making many demands upon it and they most often share our appreciation for preserving what we have.

Agribusiness is one of the desired types of industry for an area such as ours. A wildflower seed farm would be a gorgeous accent to the country-side and would make a great tour opportunity, if you should decide you are interested at a later date. The TDC is eager to support and assist new and expanding businesses that value our environment, while improving our economy.

Please keep us posted on your progress and let us know when we can be of further assistance to you.

Sincerely,

Ricky Henderson, Chairman
Madison County Tourist Development Council
