Dear Ms. Booth:

On behalf of the Greater Madison County Chamber of Commerce, I am pleased to offer our support for your grant request for equipment to enhance your wildflower seed business.

As you are aware, Madison County is within a Rural Area of Critical Economic Concern and we are working diligently to improve our economy. In fact, economic development and job creation is one of our top priorities.

Any state and federal assistance that can be offered to assist you in developing and growing your business, particularly with your nurturing and promotion of additional new businesses, would be well spent in Madison County.

Please keep us posted on your progress and let us know when we can be of further assistance to you. As we discussed earlier, the Chamber of Commerce provides administration services to the Madison County Development Council and the Tourist Development Council and our partnership will work together to support your venture in any way possible.

Sincerely,
